

Edge Ultra HV

i4.0 continuous motion
VFFS bagger

The Edge Ultra HV is the latest generation of i4.0 continuous motion VFFS packaging technology. Designed from the ground up to be flexible, robust, smart and deliver the highest production per m².

remote support

get the edge with PurPak's i4.0 features like remote support and many more.

eco materials

validated on PP/OPP, paper, compostables, mono-materials

SMED principles

increase OEE by reducing changeover time and operator error

up to 200 cycles/min

increase your production per m²

SPECIFICATION

Speed	Up to 200 cycles/min
Bag width (min-max)	60-280mm
Machine dimensions	1,702(W), 2,458(D), 2,011mm(H)
Packaging materials	PP/OPP, paper, compostables, mono-materials, laminates / barrier film and other heat sealable materials.
Power requirement	400V 3 phase
Pneumatic consumption	1 litre / bag / min
Pneumatic connection	7 bar / ø8 mm

PACK STYLES

Pillow

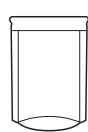

Pillow with gusseting

Block bottom

Quad bag

Doy-style

KEY FEATURES

- 12" colour touchscreen HMI
- OMAC pack ML logic
- 200 product recipe capacity (expandable)
- Icon-based and multi-lingual
- Programmable access levels
- OEE dashboard*
- Advanced product in seal detection
- Constant web tensioning
- Rapid size change
- Remote support*
- Open frame
- Continuous film motion
- Servo-driven jaws
- Tool-less knife change
- Direct-drive servo pull belts – tool-less belt change
- Motorised film unwind
- IP65 rated
- Pneumatic expanding reel shaft
- Film auto tracking*
- MAP/gas injection*
- PEC for printed film*
- Many more...

*optional
